- **E-Commerce:** <https://www.vintalier.com/>
Designed the layout, UX, and add-ons; integrated into Google Shopping and Facebook.

EXPERIENCE

Owner, Entrepreneur Vintalier LLC

Portland, OR

02/2009 – 02/2020

- Founded and grew a successful multi-channel retail store, initially e-commerce then as a brick-and-mortar in 2013 and moved Downtown in 2017 to a 1200 sqft space.
- Designed online and financial KPIs to forecast the purchasing of ~\$40K of product each season, analyze sell-through, determine cash flow, and identify market trends.
- Sold on four e-commerce platforms and regularly implemented new e-commerce plugins, social media integration, shipping optimization, and analytics.
- Determined the strategic and creative direction for the brand, executed multi-channel marketing strategies. Managed part-time staff.

Marketing Manager Tainan, Taiwan & Newark, DE 07/2009 – 11/2010
Motech Industries Inc.

- Overhauled the corporate website to a content management system (SharePoint) and trained 30 stakeholders from 7 business groups across 4 languages to be self-sustaining.
- Managed an international marketing budget of ~\$100K and reduced costs ~\$42K.
- Launched a new technical product line and >\$20M worth of new product sold out.
- Drove the strategic and creative direction of quarterly advertising campaigns.
- Worked closely with C-level executives and marketing agencies to lead a re-brand.

Freelance Digital Producer Portland, OR 06/2008 – 06/2009
ID Branding & Exprima

- Managed feature enhancements for Intel's internal digital asset management system.
- Project managed new websites for small businesses in an agency environment.

Digital Producer Beaverton, OR 11/2006 – 03/2008
Nike (Contract)

- Cleaned 48% of the intranet in obsolete sites; defined account management procedures and implemented chargebacks; recouped an estimated \$340K in annual costs.
- Served as interim Senior Digital Manager; facilitated progress during leadership and IT transitions, functional changes, server and software upgrades, and an intranet refresh.
- Managed 250+ internal accounts and trained clients about new self-publishing tools.

Web Content Developer Hillsboro, OR 11/2005 – 11/2006
Intel (Contract)

- Contributed to the rollout of Intel re-branding while launching product sites monthly.
- Designed live site mockups by popular request and localized content.

Senior Technical Web Writer La Jolla, CA 04/2004 – 07/2005
San Diego Supercomputer Center

- Architected and transitioned a 400-page, cross-departmental website to an upgraded server. Reduced storage consumption by over 40%.
- Developed an extensive survey to define the mission and objectives of user services.
- Collaborated with engineers to write documentation on supercomputing technology.

Web Developer/Designer San Diego, CA 10/2002 – 04/2004
Virtual Reality Medical Center

- Successfully launched an e-commerce project from conception to completion.
- Monitored Overture and AdWords to improve search engine optimization and statistics.
